

ROBOFUSION

INTERACTIVE KIOSKS

WORLD'S ONLY ROBOTIC
ICE CREAM KIOSKS

In a word: Unbelievable.

With Robofusion Kiosks, self-service has evolved to the ultimate in a customized, on demand great tasting ice cream treat served by a robot. Nowhere else can your customers design their own custom 5-layer ice cream / topping treat and have a robot build it to their exact specifications.

Robofusion enhances your customers' experience which will result in increased consumer loyalty and increased revenue for you.

ROBOTIC KIOSKS FEATURES

- 45 servings per hour.
- Interactive, customer-controlled and extremely fun!
- 5-layer treat delivered in a Robofusion plastic souvenir cup.

serve your
ice cream!

WHY ROBOFUSION ICE CREAM?

1. INCREASE PROFITABILITY.

Robofusion Kiosks sell a high margin product with a one of a kind delivery system that will drive high margin per square foot for your venue.

2. LOW TOUCH.

Robofusion Kiosks can operate 24/7 - requiring no full time staff to operate. Kiosks need approximately 30 minutes of service per day.

3. UNIQUE.

Robofusion has no competition. We own the patents to the Robotic Kiosk technology and are the clear leader in Interactive Robotic Kiosks. We will continue to define the market and drive innovation.

4. EXCITING.

Be part of the growing trend towards self-service. Robofusion creates a WOW factor and offers a highly interactive user experience that is unmatched in generating customer engagement.

5. FUN.

Robofusion redefines the way ice cream is delivered. We create lasting memories through our innovative entertainment platform. As a result, your customers will build their own customized ice cream treats in a way that will ultimately enhance your Brand Loyalty. All with a little help from the Robofusion robots.

ROBOFUSION: FUN AND PROFITABLE.
